3	Letter No 6092 dt 20.4.29. Chief Engineer forwards for orders an estimate for Rs 18000 for improvement the Bimur - Yagati Road in the Kadur Taluk.

The cost of the work has to be paid out of Irrigation Cess Funds and the extra Cess of Rs 12030 for tunnels & Rs 35000 for the bridge across Kadavina is proposed to be incurred later on as traffic on the road increases & funds permit. The Supdg Engr considers that there is no use in improving the road unless the DB agrees to levy the Rs 1300 per annum for the maintenance of the road. The DB's Kadur will be consulted about this if approved. A draft is also put up for orders.

App
11.6.29 A perusal of the reference to the Dist Board in the above paint appears unnecessary, as the District Board has already resolved to arrange to meet the annual maintenance charges. The mileage allotment asked for by the P.W.D. for the roads is Rs 100 per mile per annum or Rs 1200 a year for the roads & apparently the Dist Board want to consider only the question of the necessity for this specific allotment, along with the requirements of their other roads. There appears to be no objection to the Dist. Board considering the matter from their perhaps in connection with the S.S.S. the district. The Govt can perhaps be sanctioning with the observation that the Dist. Board should provide for the necessary maintenance charges in their future budgets.

SUBJECT.

Improving the Birur - Yagati Road in the Kadur Taluk.

SIR,

I have the honor to forward, for orders, an estimate amounting to Rs. 15,600/- for the above work.

2. It is reported that a road from Birur to Pura near Yagati was opened by the late Maramat Department some 15 years ago. It does not seem to have been maintained at all by the local bodies, with the result that the road is now badly cut up and is not fit even for country carts to pass over.

3. The subject has been referred to in the Tour Notes of the Dewan in the Kadur District during March 1927.

4. The estimate provides for reforming the entire length of the road, 13 miles in length, by opening side and check drains and utilising the apoil for forming the road.

5. The estimate for the work has been countersigned by the President District Board, Kadur District.

6. The Superintending Engineer is of opinion that there is no use of sanctioning the present estimate without a guarantee from the District Board in the matter of future maintenance of the road, which will be not less than Rs. 1,300/- per annum at the lowest rate of Rs. 100/- a mile. The traffic on the road except on the shandy day at Pura, a village near Yagati, is reported to be very poor.

7. The estimate now forwarded does not provide for the construction of tunnels, &c., on the road which may cost about Rs. 12,030/- and for the bridge across the river Veda estimated at Rs. 35,000/-. These works will

7

undertaken as the trarfic on the road develops and when funds permit.

8. The funds required for the work will have tc be made available rrom the Irrigation Cess Fund as per G.C.No.R.1167-80/Z.R. 180-27-13 of the 8th/10th August 1928.
